

LETTERS

Mr. Johnson Shaw, President
Hancock County Board of Supervisors
Route 2, Fortification, Miss.

Dear Mr. Shaw:

As you know, representatives of the League of Women Voters of Bay St. Louis have for the last two years enjoyed attending your meetings. Having always met with the greatest courtesy and cooperation from you, we are now asking you for an explanation of something that has puzzled us since reading the local papers of last week.

Last Monday, two of our representatives attended your meeting as usual. They sat in the Board room from nine-thirty until ten-thirty, during which time it was plainly stated by several of the Supervisors that no business would be conducted that day. What, then, changed your mind upon their departure? For it must have been immediately after their departure that Mr. Lott moved to stop work on the Sea Wall. Could it have been that you were just waiting for them to leave?

We have never tried to interfere with the workings of the Board of Supervisors, as that is not the function of the League of Women Voters. But

we do try to get accurate and reliable information as to what is going on. We really can't see why on a meeting that there was no great piece of business that a motion made at ten-thirty could not as well have been made at ten-fifteen.

Yours very truly,
The League of Women Voters of Bay St. Louis
Mrs. Lewis M. Wagner
Secretary

Mr. Lucien M. Kidd, Commander,
Clement R. Bontemps Post 139,
American Legion,
Bay St. Louis, Miss.

Dear Mr. Kidd:

The Hancock County Chamber of Commerce wishes you success in your membership drive.

The American Legion is to be commended for their splendid plan, which is open to the public for fishing and crabbing, etc. It has given a lot of pleasure to people who aren't fortunate enough to have piers of their own.

We would like to take this opportunity to again thank you for your splendid cooperation in participating in the Fourth of July Celebration and the

James L. Crump of Holly Bluff in the Jordan wrote the following letter to the Hancock County Chamber of Commerce discussing his rice crop this year:

I finally got a tally on my rice. I have delivered to the rice mill 62,700 pounds. I am keeping 6,000 pounds for seed and other purposes making a total of 68,700, or approximately 1,700 pounds per acre on forty acres. We planted approximately 75 pounds per acre. If we had planted 100 like we should have we would have increased our yield about 25 per cent, or 400 pounds per acre which would have given us a yield of over 2,100 pounds of rough rice per acre. We had an exceptionally favorable year.

As you know, we have been raising rice over a period of several years and have found it more profitable than anything else we can raise. We raised so much rice this year we had to send it to Donaldville, Louisiana, to be dried. We expect to get \$7.00 a barrel of 162 pounds for Magnolia, and \$8.00 a barrel of 162 pounds for our Zenith. This price compares very favorably with the price they are getting for the same quality rice produced under irrigation in Louisiana. Our

production, however, will fall in the lower than they produce in Louisiana under irrigation due to the fact as stated above we should have planted 100 pounds to the acre whereas we only planted 75.

Growing upland rice is nothing new to this section—the old timers who migrated to the coastal sections of Georgia and the Carolinas brought their seed and rice millers with them and planted patches of rice. There are still scattered through this section of the country mills that mill the rice for farmers, who continue to plant small patches. We are having several hundred pounds of our rice milled and polished, we prefer it. It makes an excellent jambalaya, frying rice, pilaf, and so on, and is good as polished rice for other purposes. It contains a good deal more vitamins than polished rice. As soon as I get some of this rice back from the mill I will be glad to send you a sample to try it.

If there is any further information you or anyone would like to know you can either call on me or Mr. A. G. Harris. Our Magnolia rice did not turn out as well as the Zenith. We had some Zenith turned out about 100 pounds an acre more than the Magnolia.

BAY HIGH NEWS

The Seventh Grade Science classes have been studying insects and leaves and made their own collections. Their study now includes other animals and how they are classified.

The Eighth Grade Science class is now finishing their first unit and are to take up the next unit covering the stars and their satellites.

Girls physical education classes have finished studying the human body and shall soon continue the health classes where they study the different diseases and the harmful influence on the human body.

During a class meeting on last Friday Mrs. Zengering, Sixth Grade elected the following officers for the year: Mary Ann Palmgren, President; Carolyn Johnson, Vice President; Thomas Johnston, Secretary.

Dr. Herman Borroughs of Mississippi Southern College, Hattiesburg, observed classes of the First, Second and Sixth Grades on Monday, September 28.

SCHOOL SPIRIT HIGH

Not for many years has Bay High shown such great enthusiasm and school spirit. At our first football game against Our Lady of Victory in Pascagoula, many students journeyed there to see the game and to back the team. And back the team they did. From the time they entered until 9:30 final gun, the stadium shook with yells, shouts and songs. The cheering of our girls and school spirit in general, played a big part.

This Friday we journeyed to Pass Christian where the Tigers play their home games. The game was a high one, and our girls and school spirit were again a big factor.

BAY HIGH PEP DAILY

We are looking something this year at Bay High that we have not had in a long time. The daily pep rally is now on. On Thursday, Friday, Saturday and Sunday, we will have pep rallies at 7:30 a. m. and at 9:30 p. m.

We will meet down on the beach at the head of Canal Avenue. We will have a big band and plenty of pep. We invite any student who would like to see a few weeks of the Bay High School spirit and the pep rally to do so. The bandstand will have the girls and there will be some sort of band.

After we have had a few peps, we will march through town and then back to the beach. Then we will have a pep rally at the beach and the school spirit will be high.

STUDENT ACTIVITY ASSOCIATION

Five new appointments were made to the Student Activity Association this week. Jerry Harrison will be responsible for publicity and James Krueger in charge of Transportation. The new council members are: Ruth Bennett, Evelyn Lachar and Nolan Lachar.

Junior and Senior council members appointed last week are Anne Jenkins, Mary Palmer, Norma Ecos, Hilda Russell, Gary Stoufflet and William Reese.

FORESTRY CONTEST
Miss Anne Jenkins, Bay High Senior, will represent Hancock County in Laurel on Thursday evening of this week. Anne is sponsored by the Lions Club of Bay St. Louis.

Visiting Miss Geraldine Fackey at her home on Court St. are her mother, Mrs. Charles Fackey and son Randolph of Riverside, Ill.

Saturday, Oct. 3 at 4 p. m. a \$10 Scooter will be given away free. For details go to Kera's 5c and 10c Store.

VALENA JONES CATS LOSE GRID OPENER

The Valena C. Jones WAGGERS lost a late start on their 1953 football schedule by making the journey to Corinth, La., September 26 to clash with St. George's High School of Shreveport, La.

From the first whistle to the last, the WAGGERS fought hard and were on the defensive, outplayed in every respect. Now the cats have returned home to kick the weeds and sharpen their claws for the Oct. 2 game here Friday night between M. V. Nichols High School of Elmer.

The VCI Cats will be looking for their first victory of the season. The kick-off will be at 7:30 p. m. Admission at the gate 50c for adults and 25c for students.

Forget what you saw in the movies and the news. The VCI Cats will be looking for their first victory of the season. The kick-off will be at 7:30 p. m. Admission at the gate 50c for adults and 25c for students.

GREEN MARKET IS SETTING RECORD

Green Market was set with tonight's record at New Orleans by students of North American College, College Town, La., who were in the Coast town, where they will remain for the Bay-Washland Yacht Club.

The two ships, Ralph Coleman and John Ryan, are also leaving for the Bay and Washland, and are well known to local residents.

Visitors at Alabama were greeted last Friday night due to the thousands of students.

Miss Palmer looked pretty good at the SSC dance Saturday night. Mary was a constant in the recent Forestry Queen Contest.

Honored Distinguished William Yates, and Jimmy and Gary (Harris) were home from Southern Friday night and Saturday, but returned to college for the game at Southern Saturday night.

Dickie Johnson was over for the weekend and started juke dancing to the SSC dance.

SSC will meet More Point at More Point Friday night. SSC's game with

BAY HI PEP RALLY SET FOR OCTOBER ON BEACH BY BAY

For the first time in the history of Bay High School, a pep rally will be held on the beach on Friday, October 2.

The rally is being held to mark the first home football game and other Bay High events will assemble on the beach for the 5:00 bridge between 5 and 7:00 hours of yelling, cheering and general school spirit.

Any student or booster who is able to furnish cash or goods to help the school is asked to call 745-J after 4 p. m. Saturday.

Mr. and Mrs. W. M. Roseman have returned to their Waveland home after a two week vacation to Madison, Wis., where they were the guests of Dr. J. P. West. They also visited with friends in Chicago.

Mr. and Mrs. George Stiles, who were in New Orleans on Thursday at the home of Mr. and Mrs. George Stiles, returned from a honeymoon trip which took them through many states including New York and Chicago. Mr. and Mrs. Stiles will make their home in New Orleans. Mr. Stiles is the brother of Mr. George Stiles.

Mr. George Stiles, who has been in the electrical and refrigeration business in Waveland, was recently appointed as head of maintenance and

BIG BILLS CAN BE A PROBLEM

But this is no fish story. Big bills aren't cumbersome when they're handled right. Before contracting any large obligation, ask yourself these questions first:

1. How much will it cost me to finance this?
2. Is this obligation in line with my earning power?
3. Can I meet each payment promptly as it comes due?

EMINENT HERBALIST TO ADDRESS ANNIVERSARY GARDEN CLUB MEETING

By Vicki Hill

Mrs. Leon (Caroline Dreyfous) Weiss will be in Bay St. Louis, on October 8 to act as speaker at the Bay-Waveland Garden Club's fifteenth anniversary meeting.

Mrs. Weiss, a prominent New Orleans gardener and horticulturist, will use as her subject, "Herbs and Herb Gardens."

Her extensive research and experience on this subject qualifies her to speak with complete authority concerning it.

In 1947 Mrs. Weiss was acclaimed by Clementine Paddelford in the New York "Herald Tribune" for her success as a herbalist. (Clementine Paddelford is a well-known writer and gourmet and her interesting articles may be found in the Sunday edition of one of the New Orleans dailies.)

Mrs. Weiss spends most of her time at "Kilnston Farm," a three hundred acre estate near Lake Ponchartraine in the Ormeau belt. The magnificent setting amongst heirloom oaks and winding bayous has twelve of its acres devoted to the culture of herbs. One dozen herbs are produced for commercial distribution, and many other varieties for use in Mrs. Weiss' own kitchen and for gifts to friends.

In 1940 the enterprising gardener began raising herbs and seasonings and when production became prolific she began calling on the New Orleans stores with her unusual collection.

Soon she established a mail order system, shipping fragrant and spicy jars of herbs to many far corners.

One Captain Grayson Carter, of the US Navy, was a constant customer having Mrs. Weiss' special mustard blend shipped regularly by the gallon. This business has grown to a list of 5,000 customers.

Questioned as to when her interest in herbs originated Mrs. Weiss smiled and answered that she had practically been brought up on herbs.

Culinary genius formed a vital part of her background it seems. Her mother and grandmother were both proficient in the use of herbs, while her father Felix Dreyfous was a gourmet in his own right.

Among her possessions is a prized cookbook, written in French, which belonged to her grandfather, adding another to the list of family experts.

Nestling in the neat rows of herb beds in connoisseur's garden is an intriguing variety with such mouth-watering names as lemon, balm, basil, chive, spearmint, marjoram, rosemary, tarragon, rue, tansy, vetiver, catnip and lemon verbena.

Mrs. Charles R. Beyer, President of the Bay-Waveland Garden Club, announces that the meeting, which will celebrate the fifteenth anniversary of the club, will be held promptly at 3 room heaters and 1 bath room heat.

Following a tradition, the meeting will be held at the home of Mrs. Elizabeth Weston, one of the originators, at 702 South Beach Blvd.

On this particular occasion the meeting is restricted to members only. Cohortesses with Mrs. Weston will be the former presidents of the club, including Mrs. Erle Kirkpatrick, Mrs. Leo Seal, Mrs. Frank Kiefer, Mrs. J. T. Powell, Mrs. J. R. Scharff, Mrs. Eugene Mogabgab, Mrs. J. R. Rollins, Mrs. George Stevenson, Mrs. Walter Hava, Mrs. W. W. Baltar and the present top officer, Mrs. Charles Beyer.

CD-2

Recovery in Half!

Amazing new product will give your car the same performance at 80,000 miles as at 20,000! That will keep your motor life two to three times! Will keep your car clean of carbon deposits, all deposits that cause valves and rings, sticky hydraulic valve lifters, loss of power and final breakdown. Reels all you have to do is add CD-2 to your present oil drain and add fresh oil. CD-2. The cost is trivial.

The benefits are immediate, sure and lasting. Get CD-2 today—for longer motor life for your car!

CD-2 is not to be confused with any product now on the market!

Don't accept substitutes as being "just like" CD-2. There is nothing like it. CD-2 will not dilute your motor oil—it will disappear or fade in a few miles. With good oil—it gives a heavier, longer lasting film for longer protection of vital parts.

CD-2

\$1.35

Best \$1.35 you ever spent!

SW

Satisfaction guaranteed or your money back. See brochure on case.

Install on CD-2 for these reasons:

1. Free sticking and noisy valves, rings, hydraulic valve lifters.
2. Prevents carbon deposits.
3. Dissolves lacquer-like deposits on valves, pistons.
4. Eliminates rust and bearing corrosion.
5. Reduces heavy crankcase deposits.
6. Gives oil extra wear-resistant quality.
7. Absorbs moisture caused by condensation in motor.
8. Improves over-all operation of motor.

your cotton, put it in the loan. (Here is how farmers can get the cotton in the loan—have the cotton weighed at the gin as soon as it is weighed. Your ginner will send the sample to the nearest Smith Dossy Free Cotton Lending office. In a few days you will receive a green card giving the grade, staple and preparation of your cotton.) Take this green card with you to the local loan office to find out the value of your cotton. Then it is time to see what you can get for it on the market. Unless this is at the loan value, it will pay to get your cotton in the loan. For details see your county agent.
